LATCH/BATHROOM LOCK

INS-ML8 Satin Chrome Mortice Lock/Bathroom Lock with 8mm Spindle

Description

A magnetic flush-mounted latch / bathroom lock, with no protrusions on the lock front as the spring latch retracts into the casing and therefore sits perfectly flush with the face plate / door panel.

The bathroom turn & release locks the latch also functioning as a bolt but leaving the handle free to operate.
*If used as a latch only please ensure that no hole is drilled for the bottom follower
